

Dear Parents & Guardians,

Attached are some options for you to purchase the compulsory scientific calculator necessary for students to be successful in their mathematics curriculum throughout their secondary schooling.

Each year ABACUS provides Officer Secondary College with this alternative means of purchasing the calculator other than through the booklist. You may find these options to be less expensive.

This year Abacus is offering two options for Year 7 Students in 2021

1. The CASIO FX82AUPPLUSII calculator with optional accessories, or
2. The SXIIMATRIXN calculator + ABACUS 32GB USB bundle

Both options are acceptable to use at Officer Secondary College, it is up to your family which option you go with and what will work best for you. Please see the attached flyers and order sheets for more information on the two options.

Please note that if you purchase a calculator through ABACUS you are *not required to order it again on the booklist*. When the time comes to order your student's books please do not fill in the box to order a calculator if your intention is to purchase one via the online ABACUS portal. You only need to order through ABACUS *or* from the booklist.

If you have any further questions, please contact Miss Kate Weymouth (Head of Mathematics) via the school contact information,

Kind Regards

Kate Weymouth  
Mathematics Leader  
Officer Secondary College
